STANDARDS AND PROCEDURES

§650.187 Standards.

The preservation, restoration, rehabilitation and maintenance of historic properties under Army control or jurisdiction will be accomplished in accordance with the standards and procedures

established by the Secretary of the Interior and as promulgated by the Chief of Engineers in TM 5-801-1, Historic Preservation.

§ 650.188 Procedures for preparing nominations to the National Register (RCS DOI-1005).

Procedures for preparing nomination forms for Army controlled properties which appear to qualify for listing in the National Register of Historic Places are contained in TM 5-801-1. Completed forms will be forwarded through channels to HQDA (DAEN-FEB-P) WASH DC 20314. RCS DOI-1005 applies.

§ 650.189 Funding of historic preservation activities.

(a) Funding for the requirements for historic properties will be accomplished through regular programing/budgeting channels.

(b) Historic properties in the Army Family Housing inventory will be funded in the Family Housing Management Account (FHMA). Requirements for historic properties other than family housing will be supported by the appropriation financing all other real property maintenance activities on the installation.

(c) Projects for restoration and/or rehabilitation of historic properties, which include construction-type work in excess of \$50,000, will be included in the installation's military construction programs for accomplishment under Military Construction Army (MCA) or FHMA programing procedures as outlined in AR 415-15 and AR 210-50. Block 25 of DD Form 1391 (Military Construction Project Data) of these projects will contain a statement identifying the project as supporting a historic property listed in the National Register.

(d) Projects for preservation of registered historic places, which include construction-type work not in excess of \$50,000, will be identified and processed for approval by the appropriate approving authority, as reflected in AR 415-35 and/or AR 420-10, and will be programed and budgeted in the normal budget cycle. Requirements will be identified to the proper supporting appropriation (FHMA, Operation and

Maintenance Army (OMA) Operation and Maintenance, Army Reserve (OMAR) etc.) in the installation and command budget submissions (RCS CSAB 205 series), and specifically identified as supporting a historic property listed in the National Register (AR 415-15).

§ 650.190 Utilization of historic properties.

(a) Historic properties which are a functional part of Army installations or are so located that their disposal or outleasing is impractical will be preserved and maintained by the installation commander. All efforts will be made to utilize these properties for military purposes in order to justify funds expended under this program. The concept of "adaptive use" (TM 5-801-1) for these properties compatible with their cultural values will be observed, whenever possible. Where this is not possible, a stabilization project will be developed to prevent further deterioration of the property.

(b) In all instances, the planned use of a historic property listed in the National Register will be reviewed with the SHPO and the Advisory Council on Historic Preservation in accordance with 36 CFR part 800 (§ 650.190 and appendix).

(c) Historic properties which would be more adequately administered by the Department of the Interior, non-Federal public agencies, local historical societies, or similarly oriented organizations should not be retained by the Army. Therefore, when there is no adverse impact on the performance of the Army mission, the installation commander may recommend, in the Analytical Report of the Installation Master Plan, the disposal of a historic property for historic monument purposes in accordance with AR 405-90 and the Federal Property and Administrative Services Act of 1949 as amended, or recommend its outleasing for historic preservation, park and recreation or similar purposes in accordance with AR 405-80. In the latter case, the installation commander's recommendations must include assurances that the grantee has a viable plan for use of the property in a manner compatible with preservation objectives and policies.
